

# Scandinavia Remix series

Designed by Glismand & Rüdiger, Denmark

---

Scandinavia Remix is a modern classic. The frame is made of solid, FSC™-certified wood, and under the beautiful simplicity and minimalistic lines, the design conceals a wealth of hidden functions that ensure outstanding comfort and durability. For example, the armrests have generous padding and the cushions are reversible and made with foam filling. It also features a slightly raised edge under the seat cushions, which keeps them in place. The legs are available in several different materials and in two heights. A sofa with a classic, timeless quality.

**Meet the designer**

BOLIA was born in Denmark, and so was the renowned design duo Glismand & Rüdiger – an origin that serves as main source of inspiration in their approach to furniture design. When designing furniture, the design duo seeks inspiration from the vivid Scandinavian nature and materials while honouring the proud design tradition built on simplicity, elegance, craftsmanship and sustainable materials. “We share a passion for Scandinavian design and natural materials. Sustainability is the starting point for every new design we create. All the way from the first sketches to the final product, cause what we believe the most, is designing beautiful products that are built to last and survive trends.” For Glismand & Rüdiger Scandinavian design isn’t a label, it’s a commitment in their design-work. It’s something to be interpreted in contemporary and new ways, and something to be proudly honoured.
