Stone Rectangle Table

Pebble Marble & Black Polished Steel

The Stone Table collection is a series of crisp and smartly detailed side tables defined by their sophisticated material contrast. Each piece features a glossy black powder-coated steel base paired with a polished stone top, crafted from colorful marble mined from the Shandong and Fujian provinces of China. The pattern of the natural marble is due to the crustal movement changes in the process of lava extrusion, developed over millions of years. By combining precise geometric silhouettes with the organic beauty of natural stone, the collection offers a timeless and enduring addition to any interior.
