

FRITZ HANSEN

SUSPENCE™
PRODUCT FACT SHEET

SUSPENCE™

In the making of the Suspence™ lamp series, the designers sought to translate movement into a physical shape: a water droplet suspended in air. The final form appears as an uninterrupted whole, enhanced by its monochrome expression and natural soft curve.

DESIGNER / YEAR OF DESIGN

GamFratesi, 2013

ABOUT THE DESIGNER

Scandinavian functionalism and clear communication of the ideas behind the design are the key words for GamFratesi's design. The design duo was formed in 2006, and consists of the Danish architect Stine Gam and the Italian architect Enrico Fratesi. GamFratesi's design takes its creative power from a fusion of tradition and innovation along with an experimental approach to the selected materials and techniques. With their cross-cultural background, Stine Gam and Enrico Fratesi thus draw from both classic Danish design and the tradition of craftsmanship, and the classic Italian intellectual and conceptual approach.

PACKAGING

The lamp is covered with a cotton bag and shipped in a cardboard box. Cardboard is used as protection inside the box. All packaging material can be recycled.

WARRANTY

2 years

REPAIR, DISPOSAL AND REUSE

In case of repair and disposal the lamp can be disassembled into parts. Check local regulations for recycling options and whether there is potential for reuse.
