Description

The PI collection honours nature's design by keeping the strength, curves and lines, as nature intended. Interesting shapes are discovered in this sleek and stylish, polished imperfect finish. Each PI wall coat rack is finished by hand to ensure that the individual character of the wood is respected. Designed by Alain van Havre.

Designer Alain Van Havre

For Alain van Havre, inspiration is everything. Deeply connected to his environment and passionate about natural materials, he has developed an exceptional expertise for woodworking. Over the years, he has created his own visual language centred around form, a translation best described in collections such as the Bok, Graphic, PI, and Stairs. He believes that for someone to connect with a design, it is important to bring it closer to nature. Over the past 20 years Alain has played a pivotal role in influencing the Ethnicraft designs we know and love today.
