THE CASSINA PERSPECTIVE

Cassina has been designing the future of interiors for almost 100 years with a pioneering attitude, combining advanced technological expertise with traditional craftsmanship. Over the years, it has collaborated with leading architects, designers and creatives to imagine new forms and transform them into projects. This has given rise to “The Cassina Perspective” vision of living, which expresses the brand's values through an eclectic collection in which innovative products and timeless icons create welcoming atmospheres, communicating through a unique design code. This holistic philosophy is reflected in all areas of the home, from living and dining areas to bedrooms and outdoor spaces. The collection is completed by the catalogues Details, which includes accessories and furnishing complements, and Lighting, with designer lighting solutions.

IT Cassina disegna il futuro degli interni da quasi 100 anni con attitudine pionieristica, coniugando competenze tecnologiche all'avanguardia a un'artigianalità di grande tradizione. Negli anni, ha coinvolto i più importanti architetti, designer e creativi per immaginare nuove forme e trasformarle in progetti. Da qui nasce la visione dell'abitare 'The Cassina Perspective', che esprime i valori del brand attraverso una collezione eclettica in cui prodotti dall'anima più innovativa e icone intramontabili creano atmosfere accoglienti, dialogando secondo un codice progettuale unico. Questa filosofia olistica si declina in tutti gli ambienti della casa, dalle aree living e dining, a quelle sleeping e outdoor. Completano la collezione i cataloghi Details, che comprende accessori e complementi d'arredo, e Lighting, con proposte di illuminazione d'autore.

DE Seit fast 100 Jahren designt Cassina die Zukunft der Inneneinrichtung mit einer wegweisenden Einstellung, die hochmoderne Fachkompetenzen mit traditioneller Handwerkskunst verbindet. Im Laufe der Jahre hat das Unternehmen mit den bedeutendsten Architekten, Designern und kreativen Köpfen zusammengearbeitet, um neue Formen zu gestalten und sie in Projekte umzusetzen. Aus diesem Ansatz entstand die Vision des Wohnens 'The Cassina Perspective', die die Werte der Brand durch eine eklektische Kollektion repräsentiert, in der Produkte mit einem innovativeren Charakter und zeitlose Ikonen basierend auf einem einzigartigen Projektkonzept miteinander in Dialog treten und eine behagliche Atmosphäre schaffen. Diese ganzheitliche Philosophie erstreckt sich auf alle Räume der Wohnung, von den Living- und Dining-Bereichen bis zu den Sleeping- und Outdoor-Bereichen. Komplettiert wird die Kollektion durch den Katalog Details, der Accessoires und Einrichtungsgegenstände enthält, und den Katalog Lighting mit einem Angebot an Designerleuchten.

FR Depuis près de 100 ans, Cassina dessine l'avenir de l'intérieur avec une attitude pionnière, alliant des compétences technologiques de pointe à un savoir-faire artisanal de grande tradition. Au fil des ans, elle a fait appel à des architectes, des designers et des créatifs de premier plan pour imaginer de nouvelles formes et les transformer en projets. C'est ainsi qu'est née « The Cassina Perspective », une vision de l'habiter qui exprime les valeurs de la marque à travers une collection éclectique dans laquelle des produits à l'esprit innovant et des icônes intemporelles créent des atmosphères accueillantes, dialoguant selon un code de conception unique. Cette philosophie holistique se décline dans toutes les pièces de la maison des espaces living et dining, aux zones sleeping et outdoor. Les catalogues Details, qui regroupe les meubles de complément et accessoires, et Lighting, qui propose des luminaires d'auteur, viennent compléter cette collection.
