Bubble

1968

The Bubble is a chair that floats in the air, offering a sheltered place without excluding the rest of the world. The Bubble is suspended from the ceiling and, like the Ball Chair, the acoustics of the Bubble create a unique place for relaxing. The Bubble is suitable for both indoor and outdoor use. It provides wind protection on the terrace and keeps the view open in the room.

Materials

Acrylic, Stainless Steel

2m standard hanging chain, longer upon request
