## ABOUT A CHAIR

Design by/  
Hee Welling

The idea behind the About A Chair-collection has been to develop a chair with conspicuous simplicity. A chair which works just as well around the dining table as around a conference table, in a canteen or at the office. The ambition of designer Hee Welling has been to reach a higher level in the combination of form, function, comfort, detail and aesthetics.

About A Chair is the product of close collaboration between Hee Welling and HAY aspiring to create a family of chairs where all shells and frames can be combined – but without letting the perfection in each single model lose ground to diversity.
