Calabash P3

Calabash is authentic craftsmanship from the core to the surface. The organic design idiom and the special chromed and slightly changeable surface provide Calabash with a unique expression. The shades are made of drawn aluminium and finished with a handpainted chromed layer that reflects the surroundings and unites the space. The Calabash model that is fitted with a reflector to increase the down light emits warm, dazzle-free illumination. The Calabash pendant generates a warm atmosphere and looks excellent in small groups. The pendants are ideal for café environments, restaurants, shops, etc. and in private homes whose owners wish to make a spectacular and rewarding contribution to their interior design.

Surface
