

Environmental & social impact assessment by Eco Impact

Brand: **TIPTOE** | Valid Until: **05/23/2026**
Model: **MOKA high table - H105cm - solid oak - 70x70cm**
SKU: **KMK105070S01001** | Category: **Bar Table** | Weight: **25.91 kg**
Materials: **Steel (72%), Oak (28%)**

Analysis frame of reference

IMPACTS database, established by ADEME
Transverse standard: BP X 30-323-0
Sector standard: Furniture (BP X 30-323-4) revised in 2023

Main hypotheses

Raw materials: Use of "Steel unspecified for furniture - average" "Hardwood lumber, 1 inch, sustainable forestry, 1kg, RER"

Manufacturing & Assembly: Consideration of the European energy mix

Supply transport: Consideration of a truck with a utilization rate of 70% (100% load, 30% TRV)

Distribution transport: Consideration of the French market, application of an average distance of 500 km, truck with a utilization rate of 20%.

End-of-life: Application of a 40% collection rate for a fully recyclable product

Product strengths

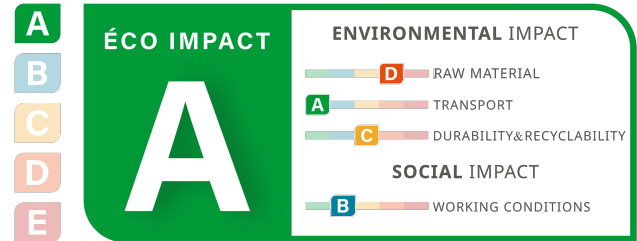

Manufacturing & Assembly: 100% in Europe

Transport: Product delivered flat & disassembled // Zero over-packaging

Durable & recyclable: Fully separable and repairable // Availability of spare parts

Working conditions: Active CSR approach

Eco Impact Score

Impact Indicators

Greenhouse effect

60 kg CO2 eq. or 266 km by plane

Fossil fuel use

516 MJ or 7 days of heating for a one-room flat

Acidification

313 millimoles H+ eq. or 199 kg of cardboard

Environnemental impact

-32%

Environmental footprint of 4441 micropoints, impact reduction assessed on the basis of the median product from a representative panel of products in the Bar Table category.

Regulatory information

Fully recyclable

No hazardous substances
