

LIGHTING

BASIC

WWW.CPHLIGHTING.DK

Design : Tom Stepp - 1979

The Basic pendant series is timeless design with a high light output, suitable for private homes as well as public, institutional, and commercial spaces. Basic emits a warm, direct light without glare. The pendant is open at the top, emitting light upward and illuminating the three decorative rings. The series is made of spun aluminium, and is available in matte black and white.
